THE LEARNING CENTER is where you'll find all lessons stored in my vault of learning materials. This includes:

- Recordings

- Videos
- Worksheets

THE ART BIZ CONNECTION COMMUNITY is for live interactions:

- Weekly Practices Gatherings with join links: Integration Circles, Coworking, Practice Briefs
- Bimonthly schedules
- Conversations, Connections, and News

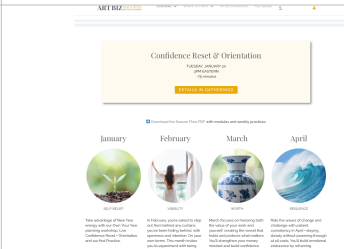

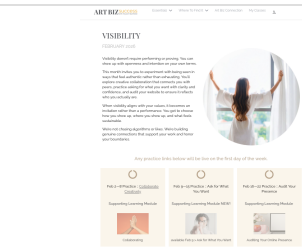

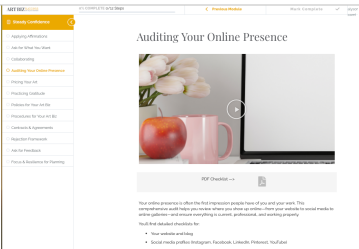

Our Learning Center

First steps (start here): <https://my.artbizsuccess.com/first-steps/>

After that, you can continue to the Steady Confidence page:

Seasons in the learning center are organized into three levels.

Level 1 is the season's home page arranged by months.	Level 2 can be found by clicking the image for the month. This is where you will find the weekly practices and supporting learning modules. You'll also see the Integration Circle and find its recording on the page after the live session.	Level 3 is the learning module itself. This is where the lesson brief recordings, transcripts, worksheets, and, perhaps, related resources can be found. Its sidebar shows all of the lessons in Flourish Online.
		

🔗 Our two sites are connected. There is a link to the Art Biz Connection community in the Learning Center top menu.

Art Biz Connection Community

(hosted by Mighty Networks)

<https://members.artbizconnection.com>

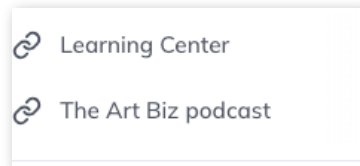

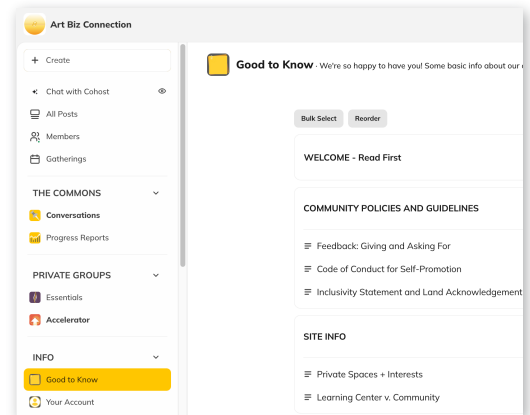

- Mighty Networks refers to items in the sidebar as “spaces.”
- **All Posts** is a space that aggregates all of the posts, updates and gatherings that you're subscribed to. Go here and you won't miss anything.

THE INDIVIDUAL SPACES

- Communicate with other members: Ask questions and share insights using spaces under **Conversations**. **This is your go-to place for posting for the most eyeballs.**
- Find your calendar of events under **Gatherings**, which aggregates all of the gatherings you're invited to, and make sure you have everything on your schedule (notice links to live events are posted here).
- Find all **Progress Reports** (you know where).

There are a lot more details about how things work, how to post, and where to post—along with other goodies—under INFO in the sidebar. Chances are good you'll find the answers to any questions you might have about how things work in the Art Biz Connection.

*Please note that the private Essentials space is inactive. Everyone is conversing in Conversations.

There is a **link to the Learning Center** at the bottom of the sidebar in the Art Biz Connection community.
